Health and Well-being

In accordance with animal welfare, a condition of boarding is that your pet is in a fit and healthy condition and has proof of vaccination and all medical conditions must be declared upon admission. All cats must be fully vaccinated against **feline enteritis** and **Feline influenza**. Vaccination must have been in the past 12 months and not less than 14 days prior to boarding. A valid and up to date vaccination card is required to be presented at check in. Cats must also have been treated for **fleas and worms** according to the directions and with an effective product. If cats are shown to have fleas or worms during their stay they will be treated at the Cattery and the cost charged upon departure.

Unneutered toms over the age of 7 months cannot be accepted for boarding.

For safety reasons please remove collars prior to your cats stay (flea collars are not deemed as suitable flea control).

In the interest of health and hygiene to all our guests we reserve the right to refuse entry to any cat which we believe to be unvaccinated, carrying an infectious illness or appear unfit for boarding.

If your cat should appear unwell whilst in our care, we will first contact your Vet. If this, for any reason, is not possible we will enlist the services of our own Vet, and fees may be applicable. Any fees incurred because of a pre-existing condition will be the responsibility of the Owner and must be paid for on collection. We will ask you to complete the Authorisation for veterinary treatment form.

If a cat requires medicines to be given during its stay, full details of the medication and its method of administration must be given, preferably at the time of booking. Sufficient medication to last the length of booked stay must be provided by the Owner. A Medication Statement will be completed at the start of the cats stay confirming all the details of medication, dosage, method of administration etc. We are unable to administer injectable medication.

Cats are boarded at the sole risk of the Owner and whilst every care will be taken, Happy Tails Yeovil Cat Hotel cannot be liable for illness, injury or death of any animal in their care.

Comfort and Food

All bedding, scratchers and toys are provided but Owners are welcome to bring anything that may help the cat settle in (within reason and subject to size and cleanliness).

If cats require a Veterinary prescribed diet, sufficient amounts must be provided by the Owner to last the length of booked stay. Otherwise they will be fed what is detailed on the booking form.

Happy Tails Yeovil Cat Hotel reserves the right to photograph and/or video cats and use the images, with or without the cat's name. If you do not want your cats' images to be used please tick the appropriate box on the Booking form. No personal details beyond, occasionally, the cat's first name and/or breed will be used in any caption.

Dear Client,

Thank you for booking your cat/s with Happy Tails Yeovil Cat Hotel. So that we can care for him/her/them as well as we would wish, we need to ensure that we have up to date information on his/her/their food and other requirements.

We also need to record current information on his/her/their health, on any special veterinary care your cat/s may need and authorisation from you for veterinary treatment in the event of your cat/s becoming ill.

These days the administration of medicines requires permission from the cat's owners. While the strengthening of legislation is good, it means we must ask clients to consider all the problems that might possibly arise while their cat/s are in our care, however unlikely.

On rare occasions, a cat may develop a serious illness. Should this occur we need to be able to act. For this reason, we ask for details of your cat's vet and for you to complete a Veterinary Authorisation Form below and return it to us with the booking form. Naturally, it may seem a little startling to be asked to give permission for veterinary care, yet whilst such illnesses are exceptionally rare, as a precaution we need to know your wishes and preferences. Actions are not undertaken lightly, we would have contacted you if possible, and your named contact and your vet to guide us in the event of serious illness.

Please let us have any extra information you feel may be helpful to us or call us to talk through any concerns you may have. You will not have to sign the Veterinary Authorisation Form each time your cat/s stays with us.

With kind regard

I agree that, in the case of a suspected illness, a veterinary surgeon may be contacted, my cat/s examined, and investigations (e.g. Blood tests, X-rays etc.) performed, if thought to be required. I agree to Happy Tails Yeovil Cat Hotel administering any prescribed treatments the vet considers advisable. I understand that any tests and treatment will be at my own expense and charged to my account. I also give consent for euthanasia should this be recommended on humane grounds by the veterinary surgeon caring for my cat, in consultation with my own veterinary surgeon and/or named contact person. I have discussed options for dealing with my pet with Happy Tails Yeovil Cat Hotel.
